Directors' Report

Directors' Report

For the half-year ended 31 December 2023

The Directors of Australian Ethical Investment Limited, the "Responsible Entity" of the Australian Ethical Fixed Interest Fund (the Scheme) present the directors' report together with the financial statements and notes to the financial statements of the Scheme for the half-year ended 31 December 2023 and the accompanying independent auditor's report.

RESPONSIBLE ENTITY

Australian Ethical Investment Limited (ABN 47 003 188 930) serves as the Responsible Entity for the Scheme.

The following persons were Directors of Australian Ethical Investment Limited (AEIL) during the period under review and up to the date of this report unless otherwise indicated:

- Steve Gibbs (Chair)
- John McMurdo (Managing Director and CEO)
- Julie Orr
- Kate Greenhill
- Mara Bun
- Sandra McCullagh

PRINCIPAL ACTIVITIES AND STATE OF AFFAIRS

The principal activity of the Scheme is to pool investors' savings to invest in accordance with the investment objectives and guidelines and within the provisions of the Scheme's Constitution. The Scheme invests in a diversified portfolio of interest-bearing investments generating income. Investments are sought to pursue the goal of a just and sustainable society and the protection of the natural environment as well as providing unitholders (the Scheme's investors) with a competitive financial return.

During the period, the Scheme received a \$162m redemption from related party entities. The redemption was fully offset by a \$162m application from separate related party entities. The units for the redemption and application were processed via an in-specie transfer and are not reflected in the Statement of Cashflows. These transactions were made within the Scheme to meet the asset allocation requirements of the related party entities.

There were no significant changes in the nature of the Scheme's principal activities during the period and there were no significant changes in the Scheme's state of affairs, except those highlighted in the review of operations.

REVIEW OF OPERATIONS

The financial landscape for the six months ending 31 December 2023 saw continued volatility within fixed income markets as central bank policy tightening effects has led to moderating inflation and the prospect that peak rates had been seen in October 2023. Throughout the period, global markets remained uncertain about interest rate directions. Initial concerns over government debt levels, inflation, and policy decisions led to a spike in rates in October 2023, reaching their highest 10-year nominal yields since 2008 in the US (5.08%) and Australia (4.95%). However, after the US Federal Reserve signalled interest rate cuts in December, yields experienced a substantial decline, ending December at 3.87% (US), indicating a belief that 'peak' interest rates had been reached in this cycle.

The global trend of moderating inflation suggests that interest rates might not need to increase further, aligning with the market's growing expectation for a softer economic landing. While lower inflation is welcomed, uncertainty remains as core inflation remains above central bank targets.

However, global concerns remain, including economic weakness in Europe and China, and elections in the USA, UK and India over the next 12 months. Further, the full impact of monetary policy lag effects remains uncertain.

Through all market cycles, we remain committed to investing in line with our constitutionally enshrined Ethical Charter. We have developed significant expertise in the renewables sector and have invested strategically over many years to align with long-term global trends of energy transition and electrification. This means we are very well positioned as the shift to renewables continues to build momentum.

We continue to remain laser-focused on our purpose to invest for a better world. This has not changed for 37 years, and we maintain our belief that our customers do better over the long term invested in diversified, ethical, and sustainable companies, and in sectors that are growing and are future focused.

Overview

The investments of the Scheme are consistent with those set out in the Scheme's Product Disclosure Statement dated 15 September 2023.

Results

Total return is the percentage change of a unitholder's financial interest in the Scheme assuming all distributions are reinvested in the Scheme. These returns are calculated in accordance with FSC Standard 6 Product Performance-Calculation of Returns. The Scheme achieved the following total returns for the period:

- Retail class 3.20% (December 2022: -0.42%); and
- Wholesale class 3.31% (December 2022: -0.32%).

The wholesale class generated a return of 3.31% compared to the benchmark which returned 3.49% in the six months ended 31 December 2023.

The positive six-month performance was attributable to falling yields and expectations of peak interest rates being recorded in October, seeing interest rates fall significantly to end December 2023 resulting in a positive capital return to fixed income. Interest rates reached their 2023 peak in October and proceeded to fall into the December year end, as measures of inflation moderated. The Australian 10-year yield, which had risen to near 5% in October, fell by over 1% by the end of December. The Australian 2-year yield fell by over 0.50% from their October highs.

While inflation and levels of ongoing debt issuance remain areas of concern, markets have begun to price for accommodative policy in 2024 as economic weakness and moderating inflation create a forward-looking expectation of central bank support or at a minimum cap in rates for the near term. Employment outcomes in Australia have 'so far' remained resilient as Australia has avoided expected recession to date.

The Scheme has ended the December half year with a neutral duration position, with a concern that December volatility and fall in interest rates may have driven the significant fair gains in the short term. Any further fall in rates will need to see significant recession and economic weakness leading to a faster than already anticipated decline in inflation.

The Scheme seeks to provide income with some capital growth potential over the medium to long-term through a diversified portfolio of medium-term duration interest bearing investments that meet the Australian Ethical Charter. The recommended minimum investment timeframe is 3 years.

Distributions paid and/or payable

Distributions paid and/or payable by the Scheme during the period are shown in the accompanying Statement of Profit or Loss and Other Comprehensive Income.

As per Note 2 the interim distributions of Nil (December 2022: \$1,729,074) were as follows:

- Retail class of Nil (December 2022: Nil) cents per unit;
- Wholesale class of Nil (December 2022: Nil) cents per unit; and
- Zero class of Nil (December 2022: 0.21) cents per unit.

The prior year final distribution of \$3,863,373 was paid in July 2023.

Net assets

The value of the Scheme's net assets attributable to unitholders as at 31 December 2023 was \$990,269,763 (30 June 2023: \$889,986,289).

Fees

Responsible Entity fees charged during the period were as follows:

- 0.50% p.a. for the retail class (December 2022: 0.50%);
- 0.30% p.a. for the wholesale class (December 2022: 0.30%);
- Nil for the zero class (December 2022: Nil).

Climate change

All our investments are made considering our Ethical Charter, which is embedded in our Constitution and overseen by our Board. The Charter's 23 principles are applied using our ethical frameworks, policies, and measurement systems. These ensure we prioritise action to avoid dangerous climate change and its serious impacts on the planet, people, and animals. This priority is pursued through the way we invest, considering both positive and negative contributions, engagement and advocacy, and climate performance measurement and reporting.

Our ethical research and company engagement guides us to sectors and companies which are aligning their businesses with the transition needed to limit climate change consistent with the global goals set out in the Paris Agreement. We believe these investments are better positioned to manage many climate-related risks, such as the risk of introduction or increase in carbon pricing.

Our investment approach leads us to portfolios that are already far less emissions intensive than relevant benchmarks. However, climate change presents systemic risks to the continuing good health of the planet and society on which all investment returns depend. That's why we believe accelerating the transition to net zero carbon is an urgent priority and integral to the financial best interests of those that invest with us.

Our Chief Investment Officer and Head of Impact & Ethics are responsible for implementation of our Ethical Charter across our investment activities. They approve new and updated ethical frameworks, which include our climate-related ethical criteria.

We report quarterly to the Board, via the Investment Committee, of changes to frameworks and critical ethical issues. Climate change related topics are regular agenda items, and the Board includes members with climate change expertise.

Our Impact & Ethics team applies our Ethical Charter on a day-to-day basis in our investment processes. The team includes members with expertise in climate change. Using diverse company, industry, government, responsible investment, scientific, civil society and news sources, the team monitors developments in:

- scientific understanding of the rate and impacts of global warming;
- domestic and international climate policy and regulation; and
- technological innovation in climate mitigation and adaptation.

We pursue net zero outcomes for our investments and the world (our climate ambition) aligned with the emissions reduction needed to limit temperature rise to 1.5°C – consistent with the most ambitious aims of the Paris Agreement.

We use a range of measures to check the effectiveness of our ethical investment approach in managing climate risk and pursuing our climate ambition and report annually in our Sustainability Report on our:

- carbon footprint for investments and operations;
- investment in clean energy;
- climate related engagement, voting and advocacy; and
- foundation giving targeting emissions reduction.

INDEMNITIES AND INSURANCE PREMIUMS FOR THE RESPONSIBLE ENTITY AND AUDITOR

No insurance premiums are paid for out of the assets of the Scheme for insurance cover provided to the Responsible Entity, its officers or auditor of the Scheme. Where the Responsible Entity acts in accordance with the Scheme's Constitution and the law, it is generally entitled to an indemnity out of the assets of the Scheme against losses incurred while acting on behalf of the Scheme. The auditor of the Scheme is not indemnified out of the assets of the Scheme.

ROUNDING OF AMOUNTS

The Scheme is of a kind referred to in ASIC Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding off'. Amounts in this report have been rounded off in accordance with that Corporations' Instrument to the nearest thousand dollars, or in certain cases, the nearest dollar.

AUDITOR'S DECLARATION

The auditor's independence declaration included in this report forms part of the directors' report for the half-year ended 31 December 2023.

Signed in accordance with a resolution of the Directors of Australian Ethical Investment Limited.

John McMurdo
Managing Director
Australian Ethical Investment Limited
22 February 2024

Lead Auditor's Independence Declaration

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of Australian Ethical Investment Limited, The Responsible
Entity for the Australian Ethical Fixed Interest Fund

I declare that, to the best of my knowledge and belief, in relation to the review of Australian Ethical
Fixed Interest Fund for the half-year ended 31 December 2023 there have been:

- i. no contraventions of the auditor independence requirements as set out in the
Corporations Act 2001 in relation to the review; and
- ii. no contraventions of any applicable code of professional conduct in relation to the review.

STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

For the half-year ended 31 December 2023

	Note	Dec-23 \$'000	Dec-22 \$'000
Investment income			
Interest		14,408	11,761
Net change in fair value of financial assets		18,742	(12,603)
Net investment income/(loss)		33,150	(842)
Operating expenses			
Management fees		48	49
Operating expenses before finance costs		48	49
Profit/(loss) from operating activities		33,102	(891)
Finance costs			
Distributions paid and payable to unitholders of the Scheme	2	-	(1,729)
Change in net assets attributable to unitholders (total comprehensive income)	4	33,102	(2,620)

The above statement of profit or loss and other comprehensive income should be read in conjunction with the accompanying notes.

STATEMENT OF FINANCIAL POSITION

As at 31 December 2023

	Note	Dec-23 \$'000	Jun-23 \$'000
Assets			
Cash and cash equivalents		3,319	5,742
Receivables		6,181	5,176
Financial assets held at fair value through profit or loss	5	982,360	882,934
Total assets		991,860	893,852
Liabilities			
Payables		1,591	3
Distribution payable	2	-	3,863
Total liabilities		1,591	3,866
Net assets attributable to unitholders	4	990,269	889,986
Represented by:			
Net assets attributable to unitholders at net asset value price		991,016	894,512
Distribution payable to unitholders of the Scheme	2	-	(3,863)
Adjustments arising from different unit pricing and accounting valuations		(747)	(663)
Total net assets attributable to unitholders	4	990,269	889,986

The above statement of financial position should be read in conjunction with the accompanying notes.

STATEMENT OF CHANGES IN EQUITY

For the half-year ended 31 December 2023

The Scheme's net assets attributable to unitholders are classified as a liability under AASB 132 'Financial Instruments: Presentation'. As such the Scheme has no equity and no items of changes in equity at the start and end of the period.

The above statement of changes in equity should be read in conjunction with the accompanying notes.

STATEMENT OF CASH FLOWS

For the half-year ended 31 December 2023

	Dec-23 \$'000	Dec-22 \$'000
Cash flows from operating activities		
Interest received	13,402	12,213
Management fees paid	(47)	(48)
Net cash provided by operating activities	13,355	12,165
Cash flows from investing activities		
Proceeds from sale of investments	206,926	108,002
Purchase of investments	(286,021)	(78,324)
Net cash used in investing activities	(79,095)	29,678
Cash flows from financing activities		
Proceeds from issue of units	111,048	22,437
Payments for redemption of units	(47,680)	(65,618)
Distributions paid to unitholders	(51)	(88)
Net cash provided by financing activities	63,317	(43,269)
Net increase/(decrease) in cash and cash equivalents	(2,423)	(1,426)
Cash and cash equivalents at 1 July	5,742	3,482
Cash and cash equivalents at 31 December	3,319	2,056

The above statement of cash flows should be read in conjunction with the accompanying notes.

Notes to the Financial Statements

Notes to the Financial Statements

For the half-year ended 31 December 2023

NOTE 1 – MATERIAL ACCOUNTING POLICIES

REPORTING ENTITY

The Australian Ethical Fixed Interest Fund (the Scheme), a for-profit entity, is a registered managed investment scheme under the Corporations Act 2001. The Scheme was constituted on 25 May 2012 and will terminate on 24 May 2092 unless terminated earlier in accordance with the provisions of the Scheme's Constitution. The Scheme is domiciled in Australia. The financial statements of the Scheme are for the half-year ended 31 December 2023.

Statement of compliance

The financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The financial statements of the Scheme comply with International Financial Reporting Standards (IFRSs) and interpretations adopted by the International Accounting Standards Board (IASB).

BASIS OF PREPARATION

These financial statements are presented in Australian dollars which is the functional currency and are prepared on a fair value basis with financial assets designated at fair value through profit or loss and derivatives which are measured at fair value, except for receivables and payables which are measured at cost.

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

The Statement of Financial Position is prepared on a liquidity basis. All balances including investments are readily converted to cash.

This interim financial report is a general-purpose financial report which has been prepared in accordance with AASB 134 Interim Financial Reporting and the Corporations Act 2001. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting. The interim financial report covers Australian Ethical Fixed Interest Fund (the Scheme) as an individual entity. The Responsible Entity of the Scheme is Australian Ethical Investment Limited (the Responsible Entity). The registered office is Boardroom Pty Limited, Level 8, 210 George Street, Sydney, NSW, 2000. The interim financial report is presented in Australian dollars, which is the Scheme's functional currency.

Selected explanatory notes are included to explain events and transactions that are material to an understanding of the changes in financial position and performance of the Scheme since the last annual financial statements as at and for the year ended 30 June 2023. The interim financial report does not include all of the information required for full annual financial reports and should be read in conjunction with the annual financial report of the Scheme as at and for the year ended 30 June 2023, and any public announcements made in respect of the Scheme during the reporting period in accordance with continuous disclosure requirements of the Corporations Act 2001.

ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Scheme's accounting policies.

Estimates and judgements are continually evaluated and are based on historical experience and other factors including expectations of future events that may have a financial impact on the Scheme and are believed to be reasonable under the circumstances.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise deposits with banks and highly liquid financial assets with maturities of three months or less from the date of acquisition that are subject to an insignificant risk of changes in their fair value. Cash and cash equivalents are used by the Scheme in the management of short-term commitments.

FAIR VALUE MEASUREMENT PRINCIPLES

Financial instruments comprise financial assets held at fair value through profit or loss, receivables, cash and cash equivalents, payables, and distributions payable.

The Scheme can invest into cash, and fixed and floating rate interest securities. Generally, valuation information is obtained from third-party industry standard service providers to ensure that the most recent security prices are obtained. The prices used to value investments include, but are not limited to:

- independent prices obtained for each security; and
- quoted 'bid' prices on securities.

For certain investments, prices cannot be obtained from the above sources. In these instances, valuations obtained from service providers are estimated using valuation models which are consistent with accepted industry practice and incorporate the best available information regarding assumptions that market participants would use when pricing the assets or liabilities. Irrespective of the method used by third-party industry standard service providers to obtain valuations, prices achieved in actual transactions may be different.

The Scheme's assets are measured at fair value in accordance with AASB 13 Fair Value Measurement. This is taken as last market bid price being the price a market participant would pay to buy the asset and is different to the price used in the unit pricing process which is the last sale price. The statement of financial position presents the difference in the values used in unit pricing to this financial report.

Classification

On initial recognition a financial asset is classified as measured at amortised cost, fair value through profit or loss, or fair value through other comprehensive income. Financial liabilities are classified as measured at amortised cost or fair value through profit or loss.

Recognition and initial measurement

A financial instrument is recognised when the Scheme becomes a party to the contractual provisions of the instrument. Purchases and sales of financial assets are accounted for at trade date (i.e. the date the Scheme commits itself to purchase or sell the asset).

Measurement

After initial recognition, all instruments classified at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the Statement of Profit or Loss and Other Comprehensive Income. All other financial instruments are carried at amortised cost using the effective interest rate method less any recognised impairment.

Financial liabilities arising from redeemable units issued by the Scheme are carried at the redemption amount representing the unitholders' rights to the residual interest in the Scheme's assets, effectively the fair value at the reporting date.

Derecognition

The Scheme derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or in which the Scheme neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset that is derecognised) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in profit or loss. Any interest in such transferred financial assets that is created or retained by the Scheme is recognised as a separate asset or liability. The Scheme derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

Impairment of financial assets held at amortised cost

AASB 9 requires an 'expected credit loss' model to apply to financial assets measured at amortised cost, contract assets and debt instruments, but not equity instruments held at fair value through profit or loss. The financial assets at amortised cost consists of trade receivables and cash and cash equivalents.

STANDARDS AND INTERPRETATIONS ON ISSUE NOT YET ADOPTED

The Scheme has applied AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting policies and Definition of Accounting Estimates, effective from January 2023, for the first time in the current financial period. There are no other new standards that are effective and that are expected to have a material impact on the Scheme in the current or future reporting periods and on foreseeable future transactions.

NOTE 2 – DISTRIBUTIONS PAID AND PAYABLE

	Dec-23	Dec-22
	\$'000	\$'000
Distributions payable	-	1,729

The Scheme's interim distributions for the period were as follows:

- Retail class of Nil (December 2022: Nil) cents per unit;
- Wholesale class of Nil (December 2022: Nil) cents per unit; and
- Zero class of Nil (December 2022: 0.21) cents per unit.

The prior year final distribution of \$3,863,373 was paid in July 2023.

NOTE 3 – ISSUED UNITS

Each unit represents a right to an individual share in the Scheme per the Constitution. Zero class units are issued to other schemes managed by the Responsible Entity and the Australian Ethical Retail Superannuation Fund (AERSF) and are not charged a Responsible Entity fee. All rights attached to zero class units are the same as those of the other classes.

	Dec-23	Dec-22
	Units	Units
Retail class		
On issue at beginning of period	1,125,741	1,251,093
Issued	81,648	86,790
Reclassified to wholesale class	(100,886)	(10,192)
Redeemed	(93,865)	(131,425)
On issue at period end	1,012,638	1,196,266
Wholesale class		
On issue at beginning of period	30,604,983	30,820,797
Issued	3,049,581	3,450,921
Reclassified from retail class	100,859	10,197
Redeemed	(2,776,571)	(3,223,046)
On issue at period end	30,978,852	31,058,869
Zero class		
On issue at beginning of period	880,511,740	856,082,884
Issued	281,649,459	63,473,429
Redeemed	(213,302,846)	(101,782,445)
On issue at period end	948,858,353	817,773,868

NOTE 4 – NET ASSETS ATTRIBUTABLE TO UNITHOLDERS

The Scheme manages its net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a liability. The amount of net assets attributable to unitholders can change significantly daily as the Scheme is subject to daily applications and redemptions at the discretion of unitholders. Applications and redemptions are reviewed relative to the liquidity of the Scheme's underlying assets on a daily basis by the Responsible Entity. Under the terms of the Scheme's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer a redemption of units if the exercise of such discretion is in the best interest of the unitholders.

The objective of the Scheme is to provide unitholders with returns in accordance with the Product Disclosure Statement. The Scheme aims to generate income through investing in a diversified portfolio of medium-term duration interest-bearing investments.

	Dec-23	Dec-22
	\$'000	\$'000
Opening balance	889,986	860,518
Issued	273,482	60,076
Distributions reinvested	3,813	5,771
Redeemed	(210,114)	(103,257)
Change in net assets attributable to unitholders	33,102	(2,620)
Net assets attributable to unitholders	990,269	820,488

NOTE 5 – FAIR VALUES

The following table provides an analysis of financial instruments that are measured after initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

Level 1: Using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Derived from inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Derived from valuation techniques that include inputs for the asset or liability that is not based on observable market data (unobservable inputs). This category includes instruments valued using quoted prices in active markets for similar instruments, quoted prices for identical or similar instruments in markets that are considered less than active or other valuation techniques.

	Dec-23			
	Level 1	Level 2	Level 3	Total
	\$'000	\$'000	\$'000	\$'000
Designated at fair value through profit or loss				
Interest-bearing securities				
Government securities	825,346	-	-	825,346
Notes/debt instruments unsecured	-	157,014	-	157,014
Financial assets at fair value through profit or loss	825,346	157,014	-	982,360

	Jun-23			Total
	Level 1	Level 2	Level 3	
	\$'000	\$'000	\$'000	
Designated at fair value through profit or loss				
Interest bearing securities				
Government securities	783,258	-	-	783,258
Notes/debt instruments unsecured	-	99,676	-	99,676
Financial assets at fair value through profit or loss	783,258	99,676	-	882,934

The Scheme does not hold any Level 3 assets. During the period there were no transfers between levels.

CARRYING AMOUNTS VERSUS FAIR VALUE

The fair values of financial assets and liabilities approximates their carrying amounts in the Statement of Financial Position.

NOTE 6 – CONTINGENCIES

There are no contingent assets or liabilities as at 31 December 2023 (June 2023: Nil).

NOTE 7 - EVENTS OCCURRING AFTER THE REPORTING DATE

As the investments in the Scheme are measured at their 31 December 2023 fair values in the financial report, any volatility in values after the balance date is not reflected in the Statement of Profit or Loss and Other Comprehensive Income or the Statement of Financial Position. However, the current value of investments is reflected in the current unit price.

During the period between 31 December 2023 and the date of this report, there were no items, transactions, or events, of a material and unusual nature likely in the opinion of the Responsible Entity, to significantly affect the operations of the Scheme, the results of those operations, or the state of affairs of the Scheme in future financial periods.

Directors' Declaration

Directors' Declaration

In the opinion of the Directors of Australian Ethical Investment Limited, the Responsible Entity of the Australian Ethical Fixed Interest Fund (the Scheme):

- (a) The financial statements and notes to the financial statements that are set out in this report are in accordance with the Corporations Act 2001, including:
 - i. Giving a true and fair view of the Scheme's financial position as at 31 December 2023 and of its performance for the six-month period ended on that date; and
 - ii. Complying with Australian Accounting Standards and Corporations Regulations 2001;
- (b) There are reasonable grounds to believe that the Scheme will be able to pay its debts when they become due and payable; and
- (c) The Scheme has operated during the half-year ended 31 December 2023 in accordance with the provisions of the Scheme's Constitution.

Signed in accordance with a resolution of the Directors of Australian Ethical Investment Limited.

John McMurdo
Managing Director
Australian Ethical Investment Limited
22 February 2024

Independent Auditor's Report

Independent Auditor's Review Report

To the unitholders of Australian Ethical Fixed Interest Fund

Conclusion

We have reviewed the accompanying **Interim Financial Report** of Australian Ethical Fixed Interest Fund (the Scheme).

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Interim Financial Report of Australian Ethical Fixed Interest Fund does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the Scheme's financial position as at 31 December 2023 and of its performance for the Interim Period ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Interim Financial Report** comprises:

- Statement of financial position as at 31 December 2023;
- Statement of profit or loss and other comprehensive for the Interim Period ended on that date;
- Statement of changes in equity and Statement of cash flows for the Interim Period ended on that date;
- Notes 1 to 7 comprising material accounting policies and other explanatory information; and
- The Directors' Declaration.

The **Interim Period** is the 6 months ended on 31 December 2023.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Scheme and Australian Ethical Investment Limited, the Responsible Entity of the Scheme in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

Responsibilities of the Directors for the Interim Financial Report

The Directors of Australian Ethical Investment Limited are responsible for:

- the preparation of the Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*; and
- for such internal control as the Directors determine is necessary to enable the preparation of the Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the Interim Financial Report

Our responsibility is to express a conclusion on the Interim Financial Report based on our review. *ASRE 2410* requires us to conclude whether we have become aware of any matter that makes us believe that the Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Scheme's financial position as at 31 December 2023 and its performance for the Interim Period ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*. As auditor of Australian Ethical Fixed Interest Fund *ASRE 2410* requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of an Interim Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
